Line of Action and Action Taken Report

Academic Year 2017-2018

Semester- II

**Feedback from stake holder**

The institute has structured feedback mechanism to obtain feedback from internal and external stakeholders through various programs

**1. Feedback from Alumni**

Alumni feedback was taken following suggestions are given by alumni to improve curriculum

**Recommendations from alumni**

- Need more practical exposure instead of theoretical concepts
- Need core companies for civil engineering department
- Educational curriculum should be related to current industrial scenario
- Update Curriculum according to latest Technology
- Project should be in each semester

**Line of Action**

- As suggested above Curriculum Aspects will be designed bridging the gap between industry-institute including visits, Industrial experts etc to bring practical approach towards academic.
- More emphasis will be given to get the student placed in the core companies.
- As per the norms prescribed by the University, project has to be conducted only for final year students. However, as per suggestion, in-house project can be proposed in next semester.

**Action Taken**

1. Student visited to industry and also more visits are planned in Second semester of A.Y. 2018-2019
2. BE project review done by industry person.
3. In-house project can be proposed in next semester.

## 2. Feedback from Employer:

### Recommendations from Employer

- Need to be improve communication skill
- Need more industrial exposure to the students
- Prior need for platform skills should be identified

### Line of action:

- Students were made aware of grammar, parts of speech & vocabulary building
- The courses emphasizing communication skill will be offered to the students
- Industrial visits, project evaluation by industrial person
- Online industry environment through ICT tools

### Action taken:

1. We have hired a full time faculty to work with students on communication skill & personality development
2. The New value added courses introduced on communication skill and personality development
3. MOU's are done with industry which are helpful for students during their project works and internship program

## 3. Feedback from Students:

### Recommendations from Students

- Would love to see more options with elective subject
- Introduce more practical than theory
- Different languages like German and French should be involved in the curriculum
- Personality development and English speaking skills should be involved in curriculum
- PPT presentation and digital lecture should be arranged after completion of every Chapter, so that students will understand the actual concept in real life practice of that Chapter.

**Prof.(Dr.) R.K.Lad**  
B.E.(Civil),M.E.(Env.Engg.),Ph.D(Engg.)  
DIRECTOR

**Line of Action:**

- As per requirement student may offered more elective subjects
- Previous semester German language courses were conducted as per students demand and this semester practice sessions will e carried out
- Institute may offer communication skill courses

**Action Taken:**

1. Lectures on interview techniques and personality development are arranged by training and placement cell
2. To motivate and to build the confidence , counseling sessions are arranged
3. Basic communication course is arranged

**5. Feedback from Teacher:**

**Recommendations from Teacher**

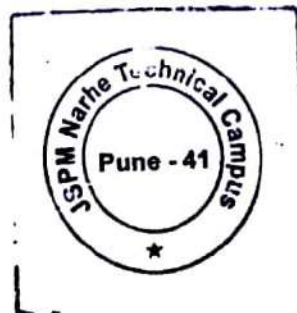

- There should be theory papers on latest technology and programming languages
- Need to change the syllabus according to industry requirements
- Current industry practices and technology should be included in the syllabus. Instead of putting vast topics, syllabus should be specific to limited points.
- Add some more syllabuses in engineering Graphics
- Engineering Graphics subject needs more practical

**Line of Action:**

- Planning of guest lectures by industry persons
- Advance skill training sessions and internship program
- Faculty allowed attending syllabus implementation workshop organized by University

**Action Taken:**

1. Arranging expert lecture in next academic year with respect subject and recent development in technology
2. Extra practice session will provide for engineering graphics
3. More students are attaining the internship program in various industries
